JUAN RUIZ GARCÍA

FRONTEND DEVELOPER

+10 years experience. Lean mindset, resolute and self-taught, supported by my experience in the startup field, from inception to national and international market consolidation.

WORK EXPERIENCE

Conecta Turismo - [Web technology for travel agencies, SaaS, B2B, B2C]

Frontend Department Lead

January 2018 – Present

- Led and developed over 200 projects with a strong focus on performance optimization and usability.
- Mentored and supervised junior developers and interns, supporting their professional growth.
- Implemented agile methodologies such as SCRUM to improve team collaboration and productivity.
- Managed client relationships both nationally and internationally (mainly LATAM) to deliver optimal tech solutions.
- Oversaw the support department and ensure service quality.

Mid-Senior Frontend Developer

January 2015 – December 2017

- Took responsibility for more complex projects, incorporating technologies like Angular and Bootstrap.
Developed custom designs tailored to clients' specific needs.
- Estimated timelines and created technical proposals for new projects.

- Maintained direct communication with clients for feedback, adjustments, and progress tracking.
- Built custom websites in WordPress using Elementor.

Junior Frontend Developer

June 2012 – December 2014

- Contributed to the development and maintenance of web projects using HTML, CSS, and JavaScript.
- Collaborated with designers and senior developers to implement custom solutions for clients.
- Performed basic integrations of payment systems such as PayPal and Redsys.
- Provided basic client support.

Key Achievements

- First employee of the startup, contributing to its growth from 10 initial clients to over 95 active clients and a team of 10 employees.
- Developed a marketplace for government-subsidized activities (Junta de Andalucía) during the pandemic, including booking and payment systems.
- Consistently contributed to improving frontend development efficiency and enhancing the user experience.

TECHNICAL SKILLS
